

The radio station K-LOVE is a wonderful station with positive & encouraging words full of moral and ethical values for us and our 6 children. All of our kids attend a school where these values and characteristics are well taught. Most, if not all, of these 5-18 yr. olds listen to this great station. There are approx. 1,000 students there.

If K-LOVE were replaced by an LPFM broadcaster providing some other type of programming, there would definitely be a VOID of the truly excellent Christian programs, music and words that our family and our school would miss terribly.

In our present culture where "Looking out for #1" and "I HAVE RIGHTS TO DO WHAT I WANT" instead of following a higher power that has MUCH more wisdom than us, K-LOVE is constantly (literally) promoting values such as honesty, trust, faith and of course, love. Your public NEEDS to continue to hear K-LOVE.

Thank you,
